Electronic Components, Hardware & Mil-Spec Manufacturers

Our number one goal is customer service.

Supply Shield is a distributor of electronic components, hardware and IT equipment. Our customers are comprised of the Aerospace and Defense Industries, Original Equipment Manufacturers and Contract Manufacturers. We specialize in factory authorized parts at competitive pricing and can assist in obsolete and hard to finds as well. At Supply Shield we strive to provide the customer service experience you expect with a small business along with the discount pricing of a big box distributor.

Find out how we can help you today.
